Introduction

This course of Flamenco and Contemporary Dance Creation will introduce attendees to the art of today's Flamenco and European dance with a content that combines tradition and avant-garde. We wish all attendees to enjoy through dance, improvisation and creation exercises, with both technical and dance materials.

Objectives

- Acquire technique and knowledge in each area of the study program.
- Apply the acquired knowledge and put it into practice whether it be demonstrative, teaching, creative or investigative work.
- Expand knowledge and be able to interpret data and make judgments about topics related to content of the course.
- Expand the level of knowledge in such a way that it allows students to develop their skills for subsequent studies.
