Education

PhD in Basic Psychology (2016 - 2020) Psychological Neuroscience Lab, University of Minho, Portugal

Thesis: "Neural Correlates of Proactive Interference and Attentional Control over Working Memory in Healthy Aging."

Research Master (MSc) of Psychology (2012 - 2014) University of Amsterdam, the Netherlands

Thesis: "Directed Forgetting in Young Spanish Adults with Social Anxiety Disorder."

Bachelor's degree (BSc) Psychology (2009 - 2012) University of Kent, UK

Research

Research Assistant (2016 - present) Psychological Neuroscience Lab, University of Minho, Portugal

Research Project funded by the Foundation for Science and Technology (FCT), Portugal: "Boosting Executive Functions in the Elderly", ref.: POCI-01-0145-FEDER-028682.

Research Project funded by the FCT: "Cognitive control as a surrogate of age-related cognitive decline: a predictive model with multimodal brain imaging", ref.: NORTE-01-0145-FEDER-032152.

Research Project funded by the FCT: "Identificación de los mediadores funcionales de la relación entre los marcadores de RCV, RC e IS y el control cognitivo en el envejecimiento", ref.: POCTEP-0348-CIE-6-E

Doctoral Stay (September 2018 - April 2019) Laboratory of Functional Neuroscience, Centro Investigación Biomédica en Red Enfermedades Neurodegenerativas (CIBERNED), University Pablo de Olavide, Seville.

Master Internship (January - September 2014) University of Jaén.

Master Internship (January - September 2013) University of Amsterdam, the Netherlands.

Awards & Scholarships

Research Grant (2016-2020) PD/BD/114367/2016 from the Foundation for Science and Technology (FCT), Portugal.

Ad hoc Reviewer of Peer Reviewed Journals

Psychology and Aging

Publications

Moore, H. T. A., Gómez-Ariza, C. J., & Garcia-Lopez, L. J. (2016). Stopping the past from intruding the present: Social anxiety disorder and proactive interference. *Psychiatry Research*, 284-289.

Garcia-Lopez, L. J., & Moore, H. T. A. (2015). Validation and diagnostic efficiency of the Mini-SPIN in Spanish-speaking adolescents. *PLOS one*, 10, e0135862.

Communications in Scientific Meetings

Moore, H. T. A., Sampaio, A., & Pinal, D. (2018). *Exploring proactive interference modulation of EEG dynamics*. Poster session presented at the SEPEX, SEPNECA and AIP experimental conference in Madrid in July 2018.

Moore, H. T. A., Sampaio, A., & Pinal, D. (2018). *Proactive interference modulates frontal midline theta dynamics*. Poster session presented at the SAMBA conference in Salzburg in July 2018.

Moore, H. T. A., Sampaio, A., & Pinal, D. (2018). *Stimulus category modulates proactive interference related brain activity: An EEG study*. Poster session presented at the ESCAN conference in Leiden in July 2018.

Moore, H. T. A., Sampaio, A., & Pinal, D. (2018). *The relationship between cognitive control and proactive interference varies with age*. Poster session presented at the APPE conference in Braga April 2018.

Moore, H. T. A., Gómez-Ariza, C. J., & Garcia-Lopez, L. J. (2014). *Stopping the past from intruding the present: Social Anxiety Disorder and proactive interference*. Poster session presented at the SEPEX/SEPNECA conference in Murcia in September 2014.

Languages

English (Native)

Spanish (C1 - Diploma de Español como Lengua Extranjera - awarded in February 2020)

Portuguese (B2 - University of Minho, Portugal - awarded in May 2016)

Other Experience

Volunteer (July 2015 - January 2016) Alzheimer's Society UK
